

Lou,

We want to thank you for your D.J. services at our wedding (4-16-00) in Aberdeen. Everyone had a great time, especially due to the music and personality you added to the event. We've had many compliments from our guests, stating "your D.J. was great". Knowing that a D.J. can make or break a good time, it was great to have you! We really appreciate your time and talent. Thank You!

Mr. D'Adamo:

To quote *The Four Seasons*, "Oh what a night..." Following what turned out to be a reception that we couldn't have scripted any better, the reception also far exceeded our expectations. This was due in no small part to your masterful job as Master of Ceremonies. From your guidance in ensuring the wedding party was prepared for our introductions, to cutting the wedding cake and finally to closing the place down well after our scheduled finish time, every activity was orchestrated in a smooth and efficient manner. We were particularly impressed with your ability to be flexible and fast on your feet, especially under the inclement weather.

Of all the aspects of the wedding, my wife and I were most concerned with ensuring that the evening would be fun and that everyone would be able to dance. Needless to say, under your guidance the dance floor was never empty and many of the guests, including my wife and me, didn't want the evening to ever end. I can't imagine a bride and groom and their guests having more fun at a wedding!

Thanks again for everything. It was truly a pleasure having you be a part of our special day. We will be sure to spread the word and recommend you to any all of our friends and relatives for any DJ needs (although those present at the reception certainly won't need a recommendation having partaken in the unforgettable event themselves!!!).

Sincerely,

Dear Lou,

We would both like to extend our sincere thanks for the deejay and master of ceremony services you provided at our wedding. Since we did not give you a lot of specific music selections prior to the reception, we were appreciative of your ability to keep the reception flowing with just the right songs. Everyone who we talked to after the wedding had nothing but excellent remarks about you.

We liked the way that you made everyone feel comfortable with your comments and humor at just the right times. To be honest, sometimes we didn't even know you were there. We recently attended a wedding where the deejay appeared to be concerned with being the center of attention and with promoting his radio station. This was certainly not the case with you. As far as we are concerned, you provided the perfect mix of music and commentary in a very professional manner.

One of our guests was so impressed with your services that he asked for one of your cards at the reception. He recently gave your number to an old friend of his who currently lives in New York, but is planning to get married in the local area sometime next year. We heard from him about a month ago and we gave you a strong recommendation. Hopefully he will choose to use your services.

Again, we would like to extend our appreciation to you for the excellent service you provided. We would definitely recommend your services to anyone interested and we wish you continued success with your business.

Sincerely,

Craig + Christine

Dear Lou,

Thank you so much for making my daughter's wedding a success. Everyone is still talking about it, they said they have never been to a wedding and had so much fun. A disc Jockey is also hosting the wedding and you orchestrated it to perfection. The ending song said it all, God Bless the U.S.A.

From one Italian heart to another, thank you so much.
See you in six months.

God Bless America
